ENRICHING MENU AT MARINA MIDDLE SCHOOL

Team Prime Time's Marina MS location is thriving with the support of the school's new principal, Lorraine Machado. Marina MS students are now able to choose from an impressive list of enrichment classes after school, including Musical Theater, ECO Club, Cheerleading, Music, 8th Grade Study Skills and an Italian language class. "I enjoy musical theatre because music helps me when I have a stressful day." - Ceara, 7th grade

HOLIDAY DRIVE: THE RESULTS ARE IN!

Thank you to all of our donors for making the 2014-15 Annual Holiday Drive the most successful ever! You helped us raise \$90,000 for much-needed scholarships and program support. Thank you for being Game Changers in the lives of our students.

WGLAM and LMU: A "Game Changing" Arts Partnership

Dynamic programs taught by expert instructors from our community partners is the very essence of a "Game Changing Program". And the innovative new partnership at Westside Global Awareness Magnet

with Loyola Marymount University's ARTsmart Program certainly meets that criteria. Each week volunteers from LMU provide otherwise unavailable art training to the students. Recent projects include Homeless Awareness Art and after school dance classes. Thank You LMU ARTsmart!

AND THE OSCAR GOES TO... TEAM PRIME TIME

TPT's in-house media arts guru, Sarah Abel, challenged her students to make an entire movie using nothing but an iPad Mini...and oh how they've responded! "The class helps you find out what you like in filmmaking," remarked Mischa, a TPT 6th grader, who prefers editing and sound mixing to filming.
