

TEAM PRIME TIME PRESENTS BIGGER THAN THE GAME

What happens on the field is simply where the story begins...

The relationships developed between coach and athlete transcend sport – they are “Bigger Than The Game”. This series is dedicated to the stories that happen off the field.

C-Money vs. Kawhi Leonard

C-Money is the heart and soul of the Fairfax Lions. He’s the goalie in soccer, center in basketball, and receiver-extraordinaire. He’s also an incredible cartoonist/ animator and cites Japanese anime as a primary influence. After notching a victory against rival Hamilton HS last week, C-Money was seen walking off the field with a couple of his signature animated figures in hand. Only this time, it was different. One was a cutout of Kawhi Leonard. The other...C-Money himself, in a customized Fairfax - Lakers replica jersey.

We caught up with C-Money and asked him if he had a message for the star of the NBA’s San Antonio Spurs. C-Money did not hesitate:

“You’re going down, Kawhi...be ready.”

Kawhi, your move.

Gaining confidence to tackle life’s biggest challenges...that’s BIGGER THAN THE GAME.
