Our goal this year was to unite our sites through art. We accomplished this by establishing a virtual art studio and rotating our specialists between locations so that all students benefit from their expertise. This collaborative approach led to many exciting initiatives, including monthly art contests, collaborative projects, site-based projects and, of course, the Mystery Art Box Challenge.

Art Contests

Monthly competitions that focused on a variety of art forms and techniques.

Jessica, 8th Grade
Marina Del Rey MS

Parachute For The Planet Project

Each TPT location created a portion of a project, which were then combined together and displayed at our Fall and Spring Showcases.

Collaborative Projects

Site-Based Projects

Each site created art based on the art instructor's professional skills and the students eagerness to learn new techniques.

January Mystery
Art Box Challenge
Winner: WGAM
Theme: Under The
Sea

The MABC is the monthly, inter-site competition that inspired more students to participate in the Art Academy than ever before. Each school receives one box of identical, mystery art supplies, one theme and one hour to create a masterpiece. The students must incorporate all items from the box. The popularity of the challenge led to the "LIVE" events, where "art teams" gathered at a TPT location or via Google Hangout to compete.
